

Print: This tab will print what is in the Display Area.. The paper size is either Letter, 8.5 x 11, or Tabloid, 11 x 17. The page orientation is either Portrait or Landscape.

After the paper size and page orientation have been selected, click on 'Create Print Page'. This will open a new browser window with the map image displayed in the Display Area. At the bottom of the new browser window, a **Title Block** will appear with a **North Arrow**, **Scale Bar**, **Disclaimer**, **DCAD Name** and **DCAD Logo**.

To print this image, click on File in the upper left corner of the browser. Then select Print. **Make sure the paper size and page orientation are the same as was selected on the 'Print' tab.**

NOTE: You will not have to set the Page Setup every time you print, only when you change the paper size or page orientation.
