

## THE INFORMATION BELOW BECOMES APPLICABLE AUGUST 7, 2024

Please visit [www.Texas.gov/PropertyTaxes](http://www.Texas.gov/PropertyTaxes) after August 7th to find a link to your 2024 local property tax database on which you can easily access information regarding your 2024 proposed property taxes. This will include information regarding the amount of taxes that each taxing unit that taxes your property will impose if the taxing unit adopts its proposed tax rate. The local property tax database will be updated regularly during August and September as local elected officials propose rates, hold hearings, and adopt property tax rates that will determine how much you will pay in property taxes (HB 3273).

Contact the Dallas County Tax Office for additional information on who collects property taxes for each taxing unit in which your property is located.
